INTRODUCTION

SUPER INDOUS ELECTRICAL INDUSTRIES
 Super Indus electrical industries, now the manufacturing arm of Indus Group of Industries, holds the honor of producing the finest quality ceiling fans in Pakistan. Our product range includes all types of ceiling fans: Down Ceiling Fans, Flush Mount Ceiling Fans, Table Fans, Wall Bracket Fans, Metal Body Exhaust Fans, Plastic Body Exhaust Fans, Convector Fans, Fan Fans and Linear Fans. All of these fans before exporting are strictly tested and calibrated.

QUALITY, VARIETY AND STYLE
 Quality is not always a synonym for high cost. Each Indus product features meticulous workmanship and finest materials available. We are proud of being the only fan manufacturer capable to guarantee 100% copper motor life. INDUS fans are always available to provide exactly the quality you need at the lowest possible price. With our modern and international standard of quality and safety, INDUS fans are the most reliable and durable ceiling fans available. Other different sizes and beautiful color combinations, Indus Ceiling Fans offers our customer with a virtually unlimited variety of ceiling fans to suit every need and match almost every decor. Featuring 95% copper wire and heavy duty parts and extensive on delivery due to powerful motor, Indus Pakistan fans stand prominently in the production line of INDUS for their efficiency and durability.

VISION AND RANGE
 Our mission is to provide our customers excellent products through operational efficiency and attractive marketing, being in a place where employees are provided care, development and encouragement so that they can find their ultimate potential. We aim for high technology ceiling concepts by incorporating innovation and technology in every aspect, so that not only the product offerings can be expanded for four corners but the international customers can be attracted as well.

OUR VALUES
 We understand the needs of both internal and external customers through market research and then fulfill those requests in every corner of the globe.

We ensure that everyone in the company respects honor and does not hesitate to put forward their opinion. We do not compromise over quality of the product and believe that every small detail about the product leads towards its performance. Our fair balance between two types of operations in people and task. We clearly believe in hard work, teamwork and innovation and consider these aspects as the spine of the company.
